Who We Are

**ReServe** is a national nonprofit, which leverages the expertise of professionals age 50+, called "ReServists." These civic-minded individuals are committed to doing meaningful work and giving back to their communities.

ReServists apply their skills and experience through mentoring young people, helping fill nonprofit talent gaps, working with families impacted by dementia, linking people in poverty to essential services—and so much more.

ReServists come from a wealth of professions including social work, marketing, human resources, law, health care, and finance. ReServe offers this expertise at a modest cost to strengthen the social impact of our partner organizations.
